**Subject:** Ambient sulfate data  
[bennoc app.pdf](#)

Mike,

I have a more critical data need, than those questions R4 had asked me to follow up on (from our conversation last week).

This regards the proposed AEC Bennoc permit we spoke about, in SE Ohio (see attached permit application for lat/long of ponds).

Does ODNR , thru its implementation of SMCRA, have ambient data upstream and downstream of these ponds that include sulfate as one of the parameters?

If not, could you let me know what parameters your ambient sampling requires?

Thanks much,

Janet
